“New” Ordnance Logistics Management Course

Naval Operational Logistics Support Center

- **Rewrite and update AMMO Admin and ROLMS DBA courses**
- **Response to customers' requirements and feedback**
- **Changes**
 - ***Combine J-041-0103 (AMMO ADMIN) and J-041-2104 (ROLMS DBA)***
 - ***Two consecutive weeks***
 - ***“Real World” scenarios based upon ship's deployment cycle***

Naval Operational Logistics Support Center

Course Enhancements

- **AMMO Admin theory and ROLMS practical**
 - ***Increased hands-on***
 - NAR implementation procedures
 - Delete stock record card requirements
 - Requisition in ROLMS vs. Manually
 - ATRs in ROLMS vs. Manually
 - ***Teaching instructions as sources (as required by topics)***
 - ***Importance of data base back-ups/restores***

Benefits

- **Not “monkey see, monkey do” tutorial**
- **Interface of ROLMS and Instructions**
- **Importance of different reports**
- **Importance of data base back ups/restores**
- **Part of NORIP’s Ordnance training initiative**
- **Sailors - improved performance**
 - *Money and time savings*
 - *Improved inventory accuracy*

- **Kick off - 19 January**
- **Requirements determination and modeling - Jan/Feb**
- **Curriculum Development - Feb/Apr**
- **Training Database - Apr/May**
- **Prototype - Jun/Jul**
 - ***NETC***
 - ***ACE***
 - ***NEC (secondary)***

Operational Ordnance Logistics Management Transformation

Naval Operational Logistics Support Center

- **OOLM Course**
 - *Cradle to grave logistics*
 - *80 hours*
 - *Partner to NOSSA's ESO Course*
 - *Baseline completed*
- **Internship**
 - *Two military interns (LT)*
 - *Two year program*
 - *Subspecialty Code 0032S*
 - *AQD 939*

Naval Operational Logistics Support Center

Ordnance Accountability Ashore (OAA) Benefits

- **Improves magazine-to-record inventory accuracy**
- **Reduces in transits**
- **Enhances shipboard safety through regimented NAR compliance**
- **Builds efficiency**
 - *Defines best business practices*
 - *Provides timely reporting*
 - *Reduces shipboard work load*

OAA Benefits

- Ensures PLR compliance
- Maintains up-to-date ROLMS data
- Establishes and maintains historical transaction records
- Provides single point of contact

- **CAIMS UIC address reports gathered**
- **Host set as Primary Reporter**
- **Secondary sites are set under Host**
- **Secondary sites are reconciled**
 - ***Out of Balances***
 - ***In Transits***
- **Last ATR is input to Host**

Host Establishment

Naval Operational Logistics Support Center

- **Storage locations are set**
- **Assets data is populated into Host**
- **Sites “info” addressees are updated**
- **ATR reconciliation is generated for the new UIC**
- **CAIMS queried to verify establishment accuracy**

Business Rule

- **Account reconciliation**
 - ***Frequency***
 - ***Location***
- **Information flow to/from Host**
 - ***Expenditures***
 - ***NAR application***
 - ***On/Off loads***
 - ***Gains/Losses***

Considerations

- **Ship's mission**
- **Ship's AOR**
- **Determining the Host**
- **Number and Location of Host**
- **Inventory management (on board)**
- **Method of transmission**

Naval Operational Logistics Support Center

OAA Support

- **CLF N411**
 - *Sponsorship*
- **NOLSC-AMMO, Code 32**
 - *Program oversight*
- **Mobile Fleet Support Team (MFST)**
 - *Account reconciliation*
 - *Technical establishment and assistance*
 - *Operator training*

- **Prototyped at Kings Bay FLA (submarine community) in 2002**
 - ***MAG to ROLMS accuracy improve 13%***
 - ***In transits improved 12%***
 - ***OOBs improved 72%***
 - ***PLR submission improved 100%***
 - ***35% Overall Inventory Accuracy improvement***
 - ***Maintains 100% OMA averages (2 years)***
